

17th International Conference on Wind Engineering
June 20-25, 2027

Save the date and call for special sessions

Topics:

- Structural Wind Engineering
- Environmental Wind Engineering
- Bluff Body Aerodynamics
- Non-Synoptic Wind Effects
- Risk Analysis and Damage
- Multi-hazards involving Wind
- Performance-Based Wind Engineering
- Vehicle & Industrial Aerodynamics
- Field & Laboratory Methods for Wind Effects
- Artificial Intelligence & Computational Methods for Wind Effects
- Codes and Standards
- Wind Energy

Organizing Committee:

Gregory Kopp (Chair)
Girma Bitsuamlak
Melissa Burton
Jon Galsworthy
John Kilpatrick
Connell Miller
Jin Wang

Contact:

icwe@uwo.ca

Website:

www.icwe2027.com

Important Dates:

Abstract submission opens: Sept 2026

Abstract submission deadline: Jan 2027 (TBD)

**If you have an idea for a Special Session,
please contact us at icwe@uwo.ca**

Organized by:

Western
UNIVERSITY • CANADA
